ADLC ALTERNATIVE RESEARCH FUND (ARF) GRANT NO. 7, issued December 15, 2015: We are very pleased to inform members and supporters of the **Animal Defence League of Canada's non-animal-using Alternative Research Fund (ARF)** that your donations have made possible the latest grant of \$25,000 to **University of Ottawa Skills and Simulation Centre (uOSSC) Advanced Trauma Life Support Program (ATLS)** for research within the Program to continue developing and improving the unique capabilities of the interactive, lifelike, highly sophisticated state-of-the-art "human" mannequin simulators.

**UOSSC** is a worldwide leader in simulation-based education, and the largest simulation training centre of its kind in Canada. Their **ATLS** Program provides vitally needed **human-based** trauma training to care for extremely traumatic injuries such as occur in war, motor vehicle accidents and natural disasters, explosions, exposure to chemicals, burns, penetrating and gunshot wounds and other injuries. These intricate mannequin simulators are fully interactive, with heartbeats, breath sounds, vital signs, and required special capabilities, which facilitate this first-rate **human-based** trauma training.

**ADLC** urges **Canada's Department of National Defence (DND)** to end its abuse of animals in training battlefield doctors, and to instead adopt this human-based **ATLS** Program. Canada could then be one of the 23 NATO countries which avoid needless and severe animal suffering, by providing excellent state-of-the-art human-based training on modern mannequin simulators. We would no longer be part of the six NATO countries which provide second-rate suboptimal training experience by traumatizing and killing pigs and goats – which are anatomically vastly different from humans.

HELP STOP CANADA'S CRUEL EAST COAST COMMERCIAL SEAL SLAUGHTER: **International Fund for Animal Welfare (IFAW)** on-line article ([www.ifaw.org/canada/get-involved/end-cruel-and-wasteful-seal-hunt](http://www.ifaw.org/canada/get-involved/end-cruel-and-wasteful-seal-hunt)): "... Year after year, tens of thousands of seals are killed during Canada's commercial seal hunt. The animals are skinned, and sometimes their flippers are cut off. ... Seal meat, while eaten in some parts of Canada, is not the focus of the commercial seal hunt on Canada's East Coast. Almost all of the animals – 92 percent in 2013 – are dumped on the ice or tossed back into the ocean once their fur has been removed. ... .

[WHAT YOU CAN DO:] **We need answers from the Canadian government.** ... [IFAW has] prepared a template email for you to send. If you prefer, you can personalize this copy to make it more effective. Please ensure that you are polite at all times. ...

#### **Members of Parliament**

Do you support the wasteful seal hunt?

The **Department of Fisheries and Oceans** claims that it supports 'full utilization' of the seals killed at the commercial seal hunt on Canada's East Coast. The reality, however, is far from it. Statistics from the **Department of Fisheries and Oceans** indicate that nearly all of the meat from seals killed in the course of the commercial seal hunt is wasted.

Despite the millions of taxpayer dollars spent to attempt to develop markets for seal meat over the past two decades, the amount of meat landed accounts for only 8 percent of the seals killed. This kind of waste goes against the principles of conservation, and is not allowed in other hunts. So why are seals treated differently?

The commercial seal hunt is an unnecessary and horrifying waste of life. I'm writing to ask you – do you support this waste? ..."

**According to IFAW:** "... Today, Canada's commercial seal hunt costs more to support than it earns. Fewer hunters are participating, and commercial sealing appears to be in steady decline. ..." ([www.ifaw.org/canada/our-work/seals/ending-canadas-cruel-commercial-hunt](http://www.ifaw.org/canada/our-work/seals/ending-canadas-cruel-commercial-hunt))

*Please let your federal **Member of Parliament** and **Senators** know you support a legislated end to the horrifyingly cruel annual east coast commercial seal hunt. Urge them to support a federal sealing industry buyout. By compensating fishermen for their sealing licenses and developing economic alternatives to help the communities that would be affected by ending Canada's cruel commercial seal hunt, this would cost much less than the Canadian government spends to keep the annual commercial hunt going. If you cannot electronically submit your letter, **PLEASE WRITE TO: Prime Minister Trudeau**, House of Commons, Ottawa, Ontario, K1A 0A2; **Fisheries and Oceans Minister**, House of Commons, Ottawa, Ontario, K1A 0A6. For **Members of Parliament/Senators** names and contact information visit the **Government of Canada** website: [www.Senators and Members - Parliament of Canada](http://www.Senators and Members - Parliament of Canada) or telephone 1-800-622-6232. No postage required when mailed in Canada (when Parliament is sitting).*

BILL 54 – AN ACT TO IMPROVE THE LEGAL SITUATION OF ANIMALS, PROVINCE OF QUEBEC: **We missed the National Assembly's September 29, 2015 deadline for public input, but we sent our comments anyway (on October 6, 2015) to six Quebec MPP's and to the President of Quebec's National Assembly, with a copy to Alana Devine, Montreal Society for the Prevention of Cruelty to Animals. We knew from a newspaper article that the Montreal SPCA had concerns about dogs being tethered 24/7 and we weighed in on that (see excerpt below):**

Your **CHAPTER II**, section **5** would be the perfect place to add a section about the tethering of dogs,

perhaps after your point "... (3) is allowed an opportunity for adequate exercise; ...". The **Montreal Society for the Prevention of Cruelty to Animals** would like a ban on all-day dog tethering, and so would we.<sup>5,6</sup>

---

<sup>5</sup>**Animal Defence League of Canada's** letter to the City of Ottawa, By-law Services, September 6, 2002.

<sup>6</sup>"In Canada, since 2006, Burnaby, BC, dogs may be tethered unattended for a maximum of 1 hour only.

In the USA, communities in Missouri, North Carolina, Texas, Kansas, Michigan and Oklahoma have either banned or severely restricted tethering of dogs with very good results. They report having less dogs on the loose, dog bites, shelter dog intakes, and dogs killed in the shelter. (Ref. *Animal People*, Clinton, WA, April 2008, page 6.)" **Animal Defence League of Canada's** letter to the Standing Committee on Justice Policy, Queen's Park, Toronto, Ontario, July 29, 2008.

And we finished with:

**ANIMAL DEFENCE LEAGUE OF CANADA'S GENERAL REMARKS:** SPCA's and humane societies that have inspectors or agents should be adequately funded to enable them to provide efficient investigative services and access to facilities for housing and caring for the animals rescued from abusive situations.

Zoos, safari parks, private animal keepers, petting zoos, etc. should be licensed to standards, and annually inspected for compliance to standards set by the Province. **Alana Devine**, head of animal advocacy, **Montreal Society for the Prevention of Cruelty to Animals**, has expressed concern about Bill 54 being unclear about the status of wild and exotic animals kept at zoos. She was also concerned that should someone shoot a squirrel in the park, it is not covered in the legislation. We hope your government will address these concerns.

A December 4, 2015 **Montreal SPCA** Press Release reported that Bill 54 was passed that day.

"... The **Montreal SPCA** remains cautiously optimistic that the adoption of Bill 54 will help improve the situation for certain species of animals, in particular dogs, cats, horses, and animals raised for their fur. We are also hopeful that the **Minister of Agriculture** will make use of the powers provided under the new law to promulgate regulations banning the permanent chaining of dogs and establishing basic standards for the care and handling of farm animals.

We are, however, thoroughly disappointed that exotic animals, as well as many species of wildlife in captivity, will continue to be excluded from the ambit of Quebec's animal welfare legislation. These animals remain in desperate need of appropriate legal protection to ensure that they are not neglected or abused, particularly when they are exploited for commercial purposes. ..."

ADLC ADVERTISING: "**BE KIND TO ANIMALS. Don't exploit them.**" was the heading of an ad we placed in *The Ottawa Citizen* once a month from September to December 2015. Excerpt of our ad text follows:

Help us support non-animal-using biomedical research to replace experiments on dogs, horses, goats, pigs and other animals. We promote vegetarianism, comprehensive legislation to protect animals, and spaying/neutering of cats/dogs to prevent their homelessness.

Become a supporter/member. ...

We placed the same ad in the annual *Toronto Jewish Seniors Directory* the Fall of 2015, and in the *Vancouver Jewish Seniors Directory* to be distributed in February or March 2016.

ADLC'S SPAY/NEUTER FUND AND ALTERNATIVE RESEARCH FUND: A full page ad was placed in the *FIFTY-FIVE PLUS* magazine in September and November/December 2015, and was distributed in the Greater Toronto area, Ottawa Valley, Peterborough/Lindsay, Kingston/Quinte area. Our ad promoted our Spay/Neuter Fund and our non-animal-using Alternative Research Fund. This ad was also made into a flyer and 5,000 copies were distributed in show bags at the Fifty-Five Plus Lifestyle Show held in Ottawa on September 11 and 12, 2015.

Fall/Winter 2015 *Seniors Activities & Services Directory*: We placed our combined 2/3 page advertorial and 1/3 page ad in this Directory which is distributed in the Lanark, Leeds and Grenville area in Ontario. The advertorial was about our Spay/Neuter Fund and non-animal-using Alternative Research Fund, while the 1/3 page ad was a general write-up about the ADLC.

**"MEATLESS MONDAYS"** was the heading of an ad we placed in *The Ottawa Citizen* on December 11, 2015. Below is an excerpt:

In Canada, 700 million land animals are slaughtered annually. The majority are raised on factory-farms in windowless buildings, where they suffer greatly under confinement, overcrowding, mutilation (agricultural practices: castration, tail docking), stressful transportation and finally the terror of slaughter.

Animal agriculture is an inefficient food production method. It takes more plant protein and water to produce animal protein. Animal based agriculture significantly contributes to greenhouse gasses, global warming, air/water pollution, deforestation, etc.

By cutting down on or eliminating meat from your diet, you can greatly reduce the suffering and death of many animals raised for food while improving your health and the environment. ...

To request a copy of ADLC's Vegan Cookbook or the **Vancouver Humane Society's** Meatless Monday flyer see page 8.

**"[INTERNATIONAL FERAL CAT DAY, October 16, 2015]"**, heading of an ad we placed in the following Ottawa area community newspapers on October 15, 2015: *Kanata Courier-Standard, Stittsville News, Ottawa East News, Nepean/Barrhaven News* and *West Carleton Review*, in support of National Feral Cat Day, an initiative of **Alley Cat Allies**, Bethesda, Md.

**HOW TO SPONSOR ONE OF ADLC'S SPAY/NEUTER ADS:** Beginning in the spring and through the summer we place newspaper ads reminding people about the importance of spaying and neutering their cats and dogs. Sponsoring requires a minimum \$130.00 contribution. Co-sponsoring requires a minimum \$65.00 contribution. Sponsor's/co-sponsors name appears on the ad if desired. See membership/donation section at the bottom of page 7.

**OTTAWA SPAY/NEUTER DAY:** Once again, we have requested Mayor Jim Watson declare Tuesday, February 23, 2016 **"OTTAWA SPAY/NEUTER DAY"**, and we are hopeful he will.

**ADLC'S SPAY/NEUTER FUND AND ANIMALS IN DISTRESS FUND:** **ADLC** does not subsidize cats/dogs with poor veterinarian's prognosis - but we cover the cost of euthanasia in some cases. **ADLC** does not subsidize if there is no committed foster/permanent home or caretaker. From September to December 2015 we contributed towards the spaying/neutering of 8 feral cats and the euthanasia of 1 feral cat. We helped two individuals with the cost of two cats being spayed. A cat shelter caretaker needed help with the cost of having 3 cats examined and blood work for one which we contributed towards, plus we helped with the purchase of cat food. An Ottawa cat rescue group had asked for financial help with a cat whose eye needed to be removed, and we helped. This cat has now been adopted. We have again sponsored one of **Quagga Stray-Cat Rescue's** (Winnipeg, Manitoba) Feline Immune Deficiency Virus (FIV) cats and added a little extra to help with their ongoing costs to care for abandoned cats. We continue to do our monthly cat/dog food deliveries to **Parkdale Food Centre** and **St. Joe's Women's Centre**, both in Ottawa. **Without your support this financial assistance would not have been possible. We thank you.**

**CAT FOSTER HOMES NEEDED (OTTAWA AREA):** **CAT RESCUE NETWORK:** Several feral colony caretakers and others who rescue homeless cats in the Ottawa area formed **Cat Rescue Network**. Foster and permanent homes are always needed. Also needed: outdoor cat shelters, outdoor runs and humane cage traps. If you have humane trapping experience or can transport cats to foster homes or veterinary appointments, please call 613-820-7088.

CHECK OUT THE GROUPS THAT YOU CONSIDER SUPPORTING: We suggest you write to them and ask for a written statement of their position on hunting, fishing, whaling, zoos and aquariums, vivisection, vegetarianism. Depending on what they reply to you, you can decide whether you wish to support them.

Various groups raise money for people suffering from physical or mental problems. One may wish to support efforts to provide services, counselling or care to patients, but not want to financially support research which involves the use of animals. Below is sample text which could be sent to soliciting organizations:

Your organization has requested my financial support. I would like to support your cause, but ONLY if you can write to me with assurance that you do not financially support any research using animals.

Apart from services of various kinds provided directly to patients, I support only ethical clinical research with humans, epidemiology, and in-vitro research.

Your early reply would be appreciated.

**“CAUTION: SOME WILDLIFE GROUPS SUPPORT KILLING [ANIMALS]”**, from *The Fur Bearers* Newsletter, June 6/2002, No. 109, Association for the Protection of Fur-Bearing Animals, Vancouver, BC: “... Watch for phrases like ‘wise use’, ‘sustainable use’ or ‘conservation’ in reference to wildlife. These often mean killing is part of the plan.”

**CAUTION:** If you are considering buying **Canadian Wildlife Federation (CWF)** merchandise or a membership: The **CWF** originated as the umbrella organization for Provincial and Territorial hunter and angler associations. To our knowledge, their support of hunting and trapping is unchanged.

**CAUTION: WORLD WILDLIFE FUND (WWF) POSITION STATEMENT ON HUNTING**, September 1999, Toronto, Ontario: Excerpt – “... **WWF** does not oppose the sustainable consumption of wild animals, including regulated sport hunting [ADLC emphasis]. ... .” In a March 23/2000 letter from **WWF**: “It is true that **WWF** does not take a stance against hunting, unless that hunt is expected to affect the survival of a population or species. We are a conservation organization ... . In most cases hunting is an animal welfare issue ... .” To our knowledge, their position is unchanged.

**DUCKS UNLIMITED CANADA – WHOSE SIDE ARE THEY ON? DUCKS OR HUNTERS?**: Ducks Unlimited Canada (DUC) on their ‘We’ll teach you to hunt’ web page ([ducks.ca/resource/hunters/mentoredhunt.html](http://ducks.ca/resource/hunters/mentoredhunt.html)) states: “... Since the 1970’s the

number of Canadian waterfowl hunters has dropped by more than 70 per cent. To support waterfowlers, **DUC**, along with our partners, deliver a program to teach novice waterfowlers how to hunt. Our primary goal is to have new waterfowlers learn and enjoy the waterfowling tradition and thereby increase the number of responsible conservation-minded hunters. ... **DUC** invites all youth ages 12 to 17 who have successfully completed the Hunter Safety course to learn how to hunt. ... ."

**"ONTARIO WILDLIFE FOUNDATION [OWF]: An Important Notice", Take Action, Spring 2001, Vol. 10, #1, Animal Alliance of Canada, Toronto, Ontario:** "... the leaders of [OWF] are or have held leadership positions with the **Ontario Federation of Anglers and Hunters** and/or **Ducks Unlimited** (both of these groups are pro-hunting). ... The **OWF** describes itself as being involved in wildlife conservation. On their web page ... they state: 'Fish, wildlife, and their habitats ... are the sources of ... recreations such as bird watching, fishing, hunting [**ADLC emphasis**], ... . The **Foundation** will work to ensure that Canadians continue to have ample opportunity for such recreations in all corners of the province.' ... ."

**"Know where your gifts go", from Animal People, December 1997, Vol. VI, #10, Clinton, WA: [Editor's NOTE: For many years Animal People has been monitoring the spending ("... where the money goes, how much goes to further fundraising, and how much goes into their pockets") of major animal and habitat protection groups, and publishing their findings.]**

**RAISE MEDIA SENSITIVITY TO ANIMAL ISSUES:** Keep near your phone a list of TV and radio station phone numbers and addresses. When something bad for animals is on the air, phone in your protest immediately; follow up with a letter or e-mail.
